Dear Sir,

In the course of the Civic Address presented to the Hon'ble Rajkumari Amrit Kaur, Union Minister for Health, by the Mangalore Municipal Council, it was represented to her that an Underground Drainage Scheme for Mangalore should be included in the Second Five Year Plan. In her reply she was pleased to state that the protected Water Supply Scheme and the Underground Drainage Scheme should always be executed togetner, and now that the Protected Water Supply Scheme for Mangalore is under execution, Drainage Scheme should be taken up immediately, and that if the Madras Government sent up the proposal for an Underground Drainage Scheme for Mangalore, she would support its inclusion in the Second Five Year Plan.

You know that the ~~instances~~ incidence of Filaria in Mangalore is very high and that it could be controlled only by introducing a protected Water Supply Scheme and the Underground Drainage System. Now that the Water Supply Scheme for our Town is under execution, I would request you to sanction the execution of the Underground Drainage Scheme for the town also.

I am writing this to request you to sanction the investigation and preparation of the estimates for an Underground Drainage system for the Mangalore town and also to recommend to the Government of India its inclusion in the Second Five Year Plan. You and your Cabinet colleagues have been very sympathetic towards Mangalore's Water Supply Scheme. We hope that the same sympathetic attitude will be shown towards

p.t.o.

our Drainage Scheme.

With respectful regards,

Yours sincerely,

C S Reddy

To
Hon'ble Sri A.B. Shetty, M.L.A.,
Minister for Health,
Government of Madras,
